Dear Ms. Block,

Please modify my form to extend my request for my water right permit for the full 5 years.

Thank you,

Richard Holzer

Re: Extension Request filed for permit no. 95-9558

Dear Mr. Holzer:

The Department is in receipt of your request for extension of time to submit proof of beneficial use for the above mentioned water right permit.

You have asked for a 2 year extension. According to Section 42-204, Idaho Code, you are allowed an initial development period of 5 years and only one extension request after that for up to 5 more years.

You have already used all of the initial 5 year development period allowed under this permit. This extension request is considered to be your last extension request for due diligence. Would you like to leave this extension request as a 2 year extension or would you prefer to have the full 5 years you are allowed on this extension form?

In order for me to modify your request for extension of time form I would need a written request from you stating that you would like to have your extension request form modified to reflect a 5 year extension in lieu of the 2 years currently stated on your form. A reply to this email could be used as your written request to have me modify your form. Please respond as soon as possible.

Sincerely,

Darla Block
