Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

I have received a encroachment permit (L-95-5-5458) from the Ida. Dept. of Lands through 2015. A pump system & plan has been purchased from United Crown pumps and drilling. I have completed a lot of the site preparation - brushing, trenching, etc.

Costing \$ 3,000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

I did not anticipate that the electrical would take so long to get to the site and install.

Permit holder(s) request an extension for 25 year(s).

modified per email request received on 1/23/14 from permit holder. (DOB)
