Dear Ms. Darla Block:

RE: Request for Extension of Time for Permit 63-33240:

Work completed:

I have completed installation of sprinklers and pipe for 2.5 of the 4 acres requested. The irrigation system is composed of 2 separate stations and 20 pop up rotors per station. I trenched and installed this system myself. The costs incurred to date are as follows:

Trenching:	\$600
Pipe:	\$1400
Sprinkler Heads:	\$1000
Valve and Boxes:	\$300
Wiring:	\$200
Concrete Risers:	\$300
TOTAL:	\$3800

Reason that work is not completed:

I injured my back in the summer of 2011 working on this irrigation system. I have since healed up partially but not able to work as quickly as I used to. A 5 year extension is requested to give us adequate time to complete the project. We plan to do the installation ourselves to keep the costs down. We are using the irrigation for grazing cattle.

Sincerely,

Tom Points
