Subject: RE: Request for Extension of Time Received for Permit 21-13079

Darla,

Sorry was waiting to hear from the owner, Lawry Wilde, which he did this morning. We would like to do the 5 year extension, if that is OK. Please let me know what else you need from me.

Thank you,

Pam Ackerman

Re: Extension Request filed for permit no. 21-13079

Dear Permit Holder :

The Department is in receipt of your request for extension of time to submit proof of beneficial use for the above mentioned water right permit. You have asked for a 1 year extension. According to Section 42-204, Idaho Code, you are allowed an initial development period of 5 years and only one extension request after that for up to 5 more years.

You have already used all of the initial 5 year development period allowed under the permit and one approved extension request. This extension request is considered to be your last extension request allowed for due diligence. Would you like to leave this extension request as a 1 year extension or would you prefer to have the full 5 years you are allowed on this extension form?

In order for me to modify your request for extension of time form I would need a written request from you stating that you would like to have your extension request form modified to reflect a 5 year extension in lieu of the 1 year currently stated on your form. A reply to this email could be used as your written request to have me modify your form. Please respond as soon as possible.

Sincerely,

Darla Block
