

MEMORANDUM

Date: March 17, 2014
To: Transfer 79130
From: Blake Jordan
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion for water rights 73-12181, 73-12183, 73-12185, 73-12187 and 73-12189. The applicant seeks to correct the legal description for their Big Creek point of diversion. According to a recent land survey conducted by the applicant and GPS data collected by BLM, the physical location of the point of diversion is located in the NENENW of 13N, 23E, Section 13. The physical location of the point of diversion will not change.

The applicant will only be charged the \$200 minimum filing fee.

Authority to File:

The applicant is the current owner of water rights per IDWR record. BLM is the property owner at the point of diversion. BLM does not oppose the transfer.

Water Right Validity:

Water rights were decreed in 2011 forfeiture is not an issue.

Injury to Other Water Rights:

These water rights are within WD 73. The physical location of the point of diversion is not changing. This transfer will be processed with no advertisement. The watermaster was notified about the transfer application but did not provide a comment.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
