RE: Change in Ownership Water Right No. 13-961

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** Please provide a full chain of Title from the current owner of the water right to you. The full chain of title can be obtained from the county or a local title company at a charge. A copy of the water right is attached for your convenience showing who the department has listed as the current owner. According to the letter dated December 6, 2013 (copy attached) from the department you had mentioned at a meeting that you have delivery records and assessments from the canal company showing delivery of 5/12ths of water right number 13-961 to you. Please include a copy of any documents you have collected demonstrating ownership of your portion of the water right.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
