RE: Change in Ownership Water Right No. 75-14436

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Clarification:** According to the notes on the file. There are some discrepancies between the property purchased and the notes for the division of the water right. It looks like the previous owner still owns a portion of the Commercial and stockwater and it was the seller's intent to only keep all the commercial. If that was the intent additional information will be required, either an agreement or a Quit Claim Deed for the water right only. According to the notes on the file I sent a map via email. If you need the map again please let me know.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
