RE: Change in Ownership Water Right No. 73-2B, 73-7A, 73-7B, 73-8B, 73-113, 73-140, 73-2164, 73-7000, 73-7124, 73-2141, 73-2153, 73-10046, 73-10053, 73-10052

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Clarification:** The department has all the information needed to complete all the water rights except for 73-10046. According to our conversation on January 9, 2014 you do not believe this water right should be divided. The department will need additional information in order to complete the ownership change without a split. The department could also add D & J Holdings to the water right and leave the previous owner listed as a current owner. If you determine a split is required an agreement between you and the other property owner will be required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
