Department of Water Resources
Eastern Region

19 February 2014

Dear Idaho Department of Water Resources,

I "David Reel" have received your letter stating that permit No. 15-7365 has amended the application for permit. The new POD is approximately 1.3 miles from my house well. The initial application was approximately .2 to .3 miles from my house well.

With the increased distance of POD from my house well I am withdrawing my protest against, "Permit No. 15-7365".

That is signed by me on 04 March 2013, "Receipt # E038465" received by IDWR on Mar. 06, 2013.

Thank you,

A handwritten signature in black ink that reads "David Reel". The signature is written in a cursive, flowing style.

David Reel
