Oops, the billing amount should be \$830.00 not the \$580.00. Sorry about that.

Good Afternoon:

The Department has received your application for transfer. During the preliminary review, it was found that the request for interagency billing did not specify the correct amount to cover the fee associated with the requested transfer.

The transfer of 1.30 cfs of water is \$580.00, there is also an additional charge of \$250.00 to change the nature of use of the existing water right. The total cost to process the transfer is \$830.00. I am including the link to the Department's website where the fee table is located.

<http://www.idwr.idaho.gov/RulesStatutesForms/WaterRights/PDFs/appfeedoc.pdf>

In order to continue processing the application, please submit an amended request for interagency billing documenting the total cost of the transfer.

If you have any questions, please let me know.

Thank you,
