Re: Change of Ownership for Water Right/Permit No(s): 63-32982

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. Water right 63-32982 is a water right permit. As Shelley Keen explained to you when you visited with him in June, 2013, permits require an Assignment of Permit. Since you are not able to get in touch with the owner of the permit, we will list you as the present owner and leave Mr. Rasmussen as current owner. After Beneficial Use is filed and a field exam is completed, a license will be issued in your name. The Department has modified its records to reflect this change in ownership and has enclosed a computer-generated report for your records.

Please note that Proof of Beneficial Use is due April 1, 2014. If no response is received from you, this permit will lapse and your authorization to develop and/or use this water right will be cancelled. I have enclosed a Statement of Completion for submitting beneficial use for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist II
