Twin Falls, Idaho 83301

Dear Sir

Re: Transfer No: 78907

With reference to the above transfer and the letter dated February 7, 2014, pursuant to our conversation (Cranney/Merritt) of today's date, where we pointed out that we made an error in the location of the point of diversion. This is our official petition to amend the above captioned transfer. I explained that we need to correct the point of diversion from NWNWSE1/4 Sec 17 T12S R22E Cassia County to SWSWNE1/4 Sec 17 T12S R22E Cassia County. As discussed, this needs to be changed so that it does not interfere with the existing irrigation system and the well will be located approximately 100 feet north of the advertised point of diversion. You indicated that you would recommend to the State to make this correction without having to go through the advertising period.

If you have any questions, please contact me at (208) 300-9260 or Tyler Cranney at (208) 300-0025. Tyler will be available to sign any documents tomorrow to amend the transfer.

Yours truly,

Mike Cranney
