Subject: Bradbury Water Permit # 97-7486

Dear Mr. VanDyke,

RE: Water Permit No. 97-7486

We received your letter inquiring how much water is used for industrial use so that you could finish preparing our permit.

You had stated in your letter that you either forgot to ask or failed to note this information when you visited us.

We use no water for the actual operation of the sawmill. Water is only piped to that location in case it is needed for fire protection.

Please let us know that you received this and we hope that this is the information that you need to finish completing our permit. If you need anything else, please let us know.

Sincerely,
Steve & Greg Bradbury

Sandy Bradbury
