Hand Delivered

Dear Sirs,

I currently have a rental contract (3 year), with IDWR, wherein, I am renting (leasing) surface water to myself, from my water rights ~~(2)~~(4),

I am at the end of 'year one' above; two(2) years left on the rental contract.

I am writing you this morning, at the advise of Shelley Keene, to me, to notify IDWR, that I wish to 'cancel' the above lease now, due to the fact that I have made application (last Friday) to remove my same water rights, and others, out of the water bank at IDWR, as of last Friday.

The above request, would be 'contingent upon' the fact that, my rights are not already 'leased out' to others, and that I can, in fact, remove them, from the bank now?

I will hand deliver this letter, (email), to the front desk at IDWR, along with a copy, of my water rights on this farm.

Thank you, and contact me, any questions, or concerns?

I'm not sure, when IDWR informs me, that my water rights 'have in fact' been removed, from the water bank?
