RE: Proof of Beneficial Use Due & Change in Water Right Ownership for Permit # 63-32982

Dear Interested Party:

The Department is contacting you today to ascertain your interest in water permit no. 63-32982. It appears that you may have an interest in this permit and action must be taken in connection with the permit to keep it in good standing.

Permit no. 63-32982 is currently in the name of Robert Rasmussen and is currently considered his personal property. A condition of permit approval requires the permit holder to submit proof of beneficial use of water ("proof") to the Department on or before April 1, 2014. The Department attempted to contact Mr. Rasmussen to notify him of the proof of beneficial use due date but, it was returned to our office marked "not deliverable as addressed".

If you are interested in taking over ownership of this permit for irrigation use from ground water on your property, please file the enclosed Statement of Completion form if you have developed irrigation pursuant to the permit. I have enclosed a copy of the permit for your reference. Alternatively you may file a Request for Extension of Time form if you need more time to fully develop the project.

In addition please submit an Ownership Change form and filing fee. You must also include the warranty deed showing your ownership of the property. Enclosed is an Ownership Change form for your use. The ownership change can then be processed at the time of licensure.

Note that proof of beneficial use is due April 01, 2014. If no response is received from you, this permit will lapse and your authorization to develop and/or use this water right will be cancelled.

If you have any questions, please feel free to contact me at 208-287-4945.

Sincerely,

Darla Block
Technical Records Specialist
