**RE: WATER RIGHT NOS. 45-13948 AND 45-13950 RELEASED FROM THE WATER
SUPPLY BANK IN PART**

Dear Right Holders:

You are being sent this letter because on May 23, 2006 the Department admitted 32.4 acres into the bank under water right 45-13948 and 46.4 acres under water right 45-13950. The Department of Water Resources, Southwest Irrigation District (SWID) and Water District 140 identified these rights as part of the SWID mitigation plan. These rights are not available for lease into the bank and should not be rented from the bank while committed to the SWID plan.

The Department attempted to release your water rights from the bank; however, a portion of your water rights have been committed to a rental agreement in the amount of 4.9 acres total through 2014.

Since there was not a viable lease substitution available your rights have been released from the bank except for 4.9 acres total which will fulfill the last year of the rental agreement.

You can reapply to lease the water right(s) in the future when these rights are available for lease by submitting new application form(s) from the Department's website at www.idwr.idaho.gov along with applicable fees.

If you have any questions regarding this matter, please contact me at (208) 287-4944.

Sincerely,

Cherie Palmer, Sr. Water Resource Agent
Water Allocation Bureau
