RE: Water Right #13-07506

Dear Mr. Cefalo,

Enclosed is my application for change in water right ownership. Also I am asking for an amendment to the existing license to comply with the existing contract with the Hendersons and to give Tippetts Incorporated complete control over water allocated in this water right. I remind you the cost of developing, maintaining, testing and transporting this water over 4500 feet has been borne entirely by Riverdale Resort Inc. and Tippetts Incorporated. Our contract with the Hendersons is enclosed also. Thank you for your consideration of this matter.

Sincerely,

LeVell Tippetts, President
Tippetts Incorporated
