To Whom It May Concern,

I am applying for a well permit for a well that was drilled before I was drilled on property owned by Eldon and Lon Corbridge (Corbridge Brothers), who are both deceased. We have looked through our files for a permit - but can not find one.

The intention for drilling the well as to irrigate the 30 acres it was situated on. However, it did not produce enough water, so was capped.

I married into the family in 1970 - and the well was drilled before then.

We have since built a home on the property - and planted app. 6 acres of berries, fruit trees & some vegetables. We use the well water when water from deep creek irrigation is not available.

I filled this application out to the best of my ability. If you have questions please call my cell. 208-709-0681 (Maurine) or David at 208-766-3817.

Thank you

Maurine Corbridge
