RE: Request for Extension of Time to Submit Beneficial Use for Permit No. 21-13080 in the Name of The Woodlands at Bills Island LLC.

Dear Ms. Block:

Enclosed for processing is a *Request for Extension of Time* to submit proof of beneficial use for Permit No. 21-13080, a permit that is held by The Woodlands at Bills Island LLC. As you can see from the form, substantial work has been performed on the water system, but additional time is needed to install the pumps and further develop the water system. Two of the four requested wells have been constructed, and the well driller's reports for those wells are attached. It is possible that the other two wells called for in the permit may also be drilled, but that determination will be made once the pumps are installed and the lines are pressurized within the next year. Therefore, to insure that there is sufficient additional time to develop the permit, we are asking for another five years. We have enclosed the necessary \$50.00 filing fee.

If you need any additional information, please do not hesitate to give us a call. We appreciate your attention to this matter.

Best Regards,

Robert L. Harris
