SUBJECT: Transfer 78878 – Petition for Reconsideration

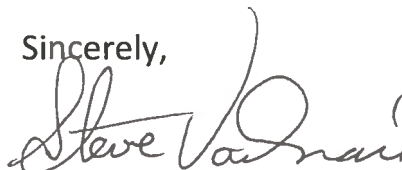

Mr. Cefalo,

BLF Land (BLFL) and Blaine Larsen Farms (BLF) intends to Petition for Reconsideration pertaining to the Order Denying Transfer. BLFL feels pertinent facts were overlooked during 2004 thru 2008 irrigation. We request the opportunity to provide this information to the department for reconsideration of water right forfeiture and subsequent transfer denial. In view of the time frame involved, immediate documentation will not be available due to ownership changes pertaining to this land but it can be provided within a timely manner.

We request a meeting to be scheduled to discuss this information and set forth the documentation requirements to resolve this oversight. An explanation of the beneficial use of this land should explain why this happened. This initial meeting will be attended by Scott Clawson, the designated representative for Blaine Larsen Farms & BLFL in water matters such as this prior to retaining litigators for subsequent legal actions. Mr. Clawson has the added advantage of being employed by the land owners during the timeframe in question.

It is our desire to resolve this matter without involving the courts in this if at all possible. Blaine Larsen Farms and IDWR have had a good working relationship in the past and see no reason this instance should be any different.

Sincerely,

Steve Vadnais

VP & Chief Operations Officer
Blaine Larsen Farms
