Dear John and Ray:

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is attached for your reference.

This office can publish notice of the application as soon as the initial review is completed, and we hope to have this ready for publication in the Lewiston Tribune on January 16 and 23, 2014. If that's not possible then we won't be able to publish it until February 6 and 13, 2014.

Therefore, your prompt response to this request is appreciated. If your agency desires to *formally protest* the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact this office if you have any questions regarding the application.

Sincerely,

Dianne Ball

Subject: Water Rights Application for Permit # 85-15756

Dear Eric:

DEQ has received a request for comment on the approval of a water right application to draw ground water from an existing well located on property in Nez Perce County. This application will draw 0.20 cfs from a well that was constructed in 1995 for domestic, irrigation, and stock water use from January 1 to December 31.

Based on the information that has been provided, DEQ cannot estimate nor predict impairments to surface or ground water beneficial uses resulting from the requested withdrawal. However, assuming all federal, state, and local permits have been obtained, regulations met, and reviews completed, we can offer the following comment.

It is the policy of the State of Idaho Ground Water Management Plan that existing and projected beneficial uses of ground water and interconnected surface water be maintained and protected, and degradation that would impair beneficial uses of ground water and interconnected surface water not be allowed.

Thank you for requesting our review and comment of your activity.

Sincerely,

Subject: RE: Application for Permit No. 85-15756

Idaho Department of Fish and Game has reviewed the application No. 85-15756 by Paul and Sandra Boyd and George Schwartz for a right to withdraw 0.2 cfs from an existing well for stockwater, irrigation and domestic use. Since the well has apparently been in use since 1995 with no reported problems concerning fish or wildlife, IDFG does not anticipate

that awarding this water right will have future impacts to those resources.

A happy day to you, Karen,

Please publish the enclosed legal notice on the dates indicated, February 6 and 13, 2014, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

Please send a proof/preview copy for my review before this actually goes to press. It should be very close to press ready – 2-column, Dutch 811 font, 8pt.

If you have any questions, please give me a call or e-mail.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 2/24/2014. Your cooperation is, as always, very much appreciated.

Thanks for all your help with our legals. It's *a*lways a pleasure to work with you!
