Re: Change of Ownership for Water Right/Permit No(s): 85-11423, 85-11424 and 85-11425

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note that Amy B Chandler and Christopher A Chandler were not added as owners of the water rights. The Trust Agreement states that the assets shall be distributed to Amy and Christopher if they survive the Trustor. Nothing attached to the trust agreement conveys the land to Amy and Christopher to which the water rights are appurtenant. Also, the water rights are not in the name of the Trust, they are in the name of Azalea J Chandler and David W Chandler. The Department cannot update the ownership of these rights without the proper paperwork.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact me at (208) 287-4942.

Sincerely,
