RE: Application for Transfer No. 77610 (Parkinson Farms)

Dear Parties:

This letter is intended to confirm that the administrative record for this contested case remains open for the sole purpose of allowing the parties to provide closing statements. Closing statements are not required, but may be filed by any of the three parties participating at the supplemental hearing.

Closing statements should not be used to provide additional evidence or additional expert analysis. Any new evidence or expert analysis contained in the statements will be disregarded. Rather, the closing statements should use the evidence presented at hearing and condense it into a concise summary. The statements may also be used to correlate the evidence provided during the hearings to the review criteria listed in Idaho Code § 42-222.

As we discussed in the hearing, all closing statements must be received by the hearing officer on or before Friday, September 6, 2013.

Sincerely,

James Cefalo
Water Resources Program Manager
