RE: CHANGE OF OWNERSHIP/TRANSFER APPLICATION FOR: 22-
129E & 22-2029B

Dear Claimant:

As per our phone conversation today, I am sending you a copy of the water rights listed above along with a map of the place of use of the water rights and the property Steamboat Partnership purchased from Teton West Corp (the original owners of the water rights listed above). Please review the information.

It appears a change of ownership and a transfer application are required to correct discrepancies between the water rights, property purchased and current owner of the ground.

The owners of the ground covered by the water rights as the water rights are currently listed with the department are requesting an ownership change, however you are the current listed owner but according to the documentation submitted you were never the owners of the land appurtenant to the water rights but you were deeded the water rights specifically in 1991. Additional information is needed to determine how the department should proceed.

If you questions regarding this matter, please call 525-7161 and talk to me or James Cefalo.

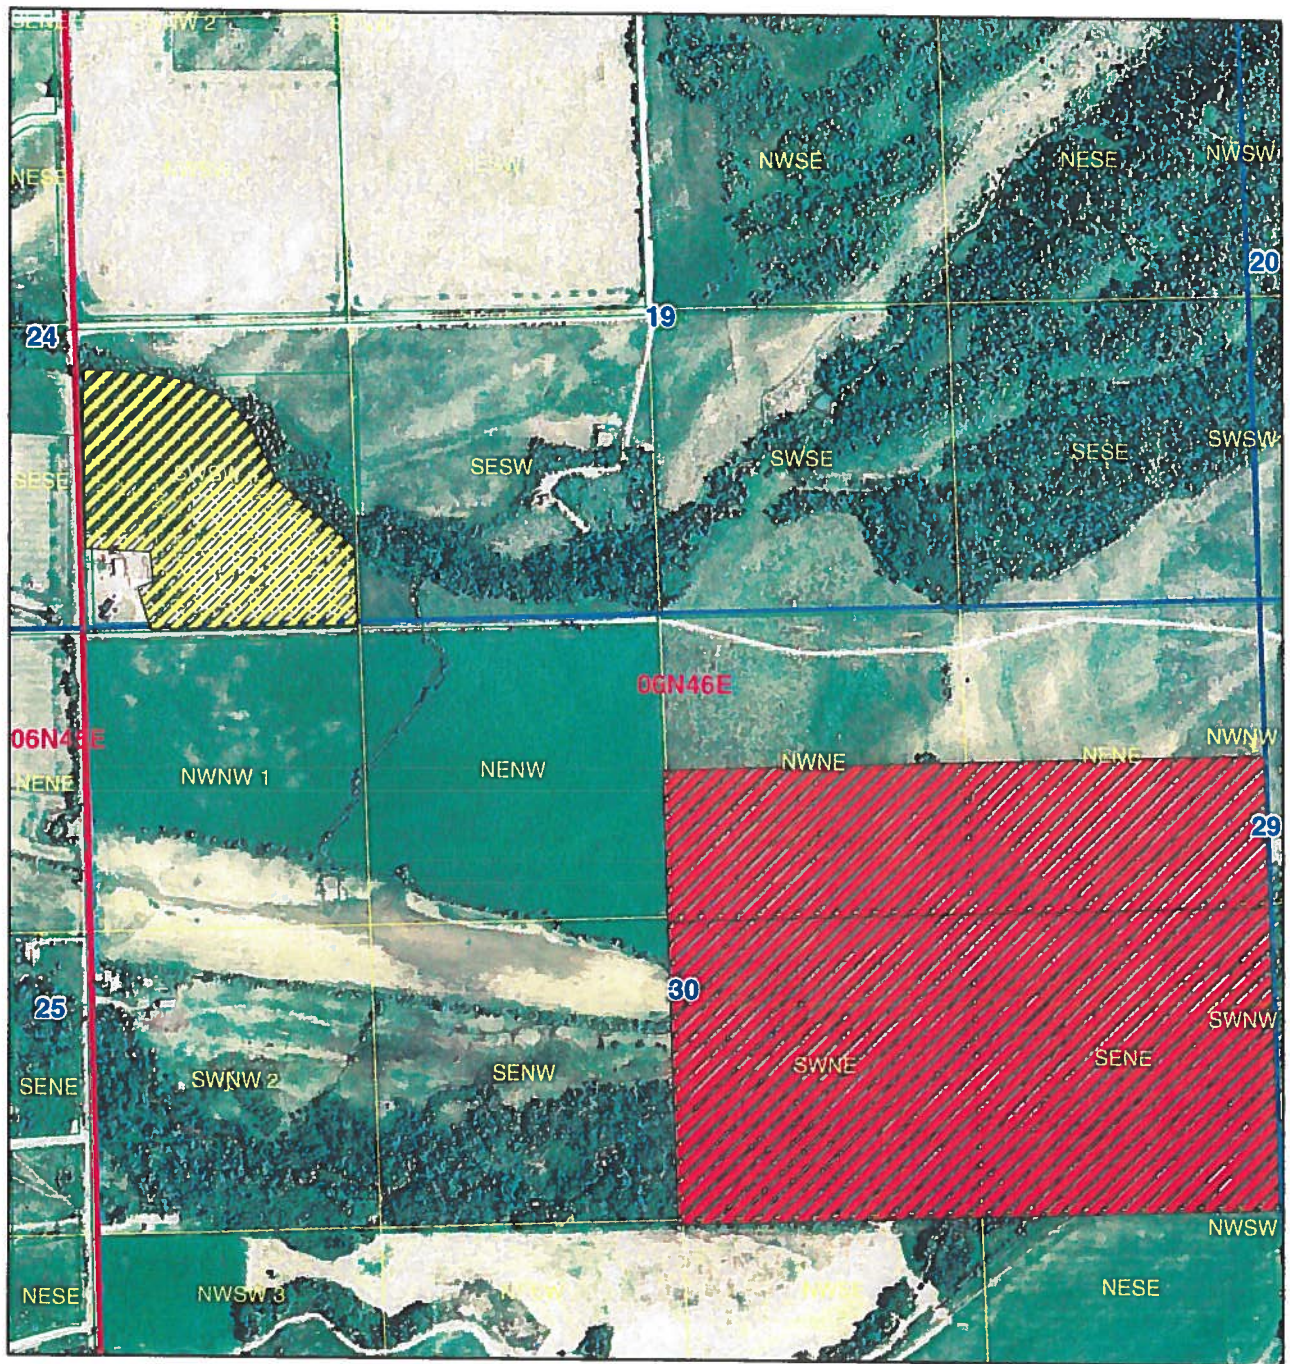

Respectfully submitted,

Jonie Barg
