RE: Water Supply Bank Renewal Requirements for Water Right 63-3609

Dear Lessor,

The Idaho Department of Water Resources (IDWR) received an extension request dated Dec 5, 2012 for the renewal of your lease contract of water right 63-3609 in the Water Supply Bank. Please note we require additional information to complete your lease renewal application.

Water Supply Bank Rule 2.b requires an applicant to provide proof of their current ownership of a water right with their application. Rule 6.a allows an authorized representative to transact with IDWR on a water right owner's behalf. The lease contract between Green Tree INC and Atlanta Gold regarding the property to which water right 63-3609 is appurtenant, expires June 30, 2014. If Atlanta Gold will continue to act as the authorized representative of Green Tree INC, IDWR requires an updated lease contract for your organizations that covers the period of the water supply bank lease contract.

Additionally, the Water Supply Bank lease contract is for 46 acres, however the map provided with the lease extension seems to indicate the water will only be applied to Parcel D, which is 20.55 acres. Please provide a more specific map that clearly outlines the boundaries of the location that will be dried up while water is leased into the Bank.

Enclosed with this letter is an *Application to Sell or Lease a Water Right to the Water Supply Bank*; please complete this application and return it to our office. As you have already paid the filing fee, you do not need to submit a new payment with the new application form. If Atlanta Gold will continue to act as your authorized representative, please ensure a recognized representative of Green Tree INC signs the form as the Designated Applicant while a representative of Atlanta Gold signs as the authorized representative. IDWR will recognize as the Designated Applicant any individual currently named or the 2013 Annual Report Green Tree INC has filed with the Idaho Secretary of State, or any individual such individuals might appoint in writing. Again, we will also need documentation to confirm Atlanta Gold is representing Green Tree INC as an authorized representative.

Finally, please note that any payment to Green Tree INC for the rental of its water through the Water Supply Bank requires that we have on file a recent W-9. If the W-9 submitted with the recent lease renewal application was not made out to Green Tree INC, please ensure such a W-9 is submitted with the attached lease application form.

Please contact me at 208-287-4918 if you have questions regarding this matter,

Remington Buyer
Water Supply Bank Coordinator
