

MEMORANDUM

TO: Water Rights File 75-7429
FROM: Sandra Thiel
DATE: October 24, 2013
SUBJECT: Phone conversation with Andrew Ohl

Mr. Ohl had a question about the change of ownership. The water under this right is carried by a ditch. He does have ditch shares with that ditch company. He called with a question about the change of ownership form, page 2, Line Instructions paragraph 2. I said that I would check into this and that we would talk again on November 4. He works in North Dakota and won't be home until then. I discussed this with Craig and found that the permit did belong to Jack Jakovac not the ditch company and that the ditch company isn't required to address this change of ownership.
