Dear Mary:

This had to be re-advertised because the POU for storage was listed incorrectly in the legal notice and on the computer generated application. This is a courtesy notice to correct the storage place of use in our records and yours, but does require republishing.

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is enclosed for your reference.

This will be prepared for re-advertisement during first 2 weeks in January because it's too late to get a re-publication notice to the paper in time to start publishing this week.

If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact Eric Davis in this office if you have any questions regarding this application.
