Hi Jim,

Thank you for your email, you are very fast in responding and that is very much appreciated. In regard to Barr and Berlow, the situation is this; we are now requiring that all water right owners (per IDWR records) submit a W9 in connection with their leases. So yes, we did receive a W9 from Mr. Berlow but, Ms. Barr also owns the water right and will need to submit a W9 as well. The payments will then be distributed among the two water right owners. Payments have not been made from 2012 so they can expect two years of payments once we get the required W9. As far as the Gee's letter...that was sent in error and should be nullified. Please let me know if you have any further questions. Happy holidays to you too :)

Cherie,

I just received the attached letter. Didn't you get the W-9's earlier this year for the 2012 rental and isn't that sufficient? I checked your website for 37-21418 and find a similar letter on the same day sent to Ian W. & Dena C. Gee. I assume that was a mistake and the attached should reference both rights, correct?

Happy Holidays!

Jim
