Re: Holbrook/Rothwell – Acre determination in the NESE Section 14 T6N R25E

26 acres decreed to the NESE Section 14 T6N R25E.

Transfer 69963 filed to rearrange the 26 acres and move some irrigation to ground on the west side of highway 93 (move never accomplished). The NESE Section 14 T6N R25E still retained 26 acres.

Transfer 69964 then filed, transferring 2.5 acres from the NESE Section 14 T6N R25E to some LDS church property in the NESE of Section 10 T6N R25E. This left 23.5 acres in the NESE Section 14 T6N R25E. See amended transfer approval 69964 approved May 11 2004. Note the database was not properly updated showing the decrease of 2.5 acres.

Rothwell conveyed the property on the east side of highway 93 within the NESE Section 14 T6N R25E to Holbrook in October of 2006. Plotting this parcel out approximates 20.5 acres. This leaves 3.0 acres remaining to Rothwell.
