RE: Application for Permit No. 34-14339

Dear Kerrie;

Enclosed is a follow up letter to the Fish and Game showing another set of measurements that I agreed to take to, hopefully, help resolve the concerns that motivated their protest of my water right application.

So far, as usual, no response from the BLM on the information I forwarded to them last month. Although I fail to see why the BLM should care about the status of my potential FERC permit, I will continue to pursue it in hopes that it will somehow appease them. (grovel, grovel)

Cheers!
