Conditions of Approval:

1. 049 The Director retains jurisdiction of the right to incorporate the use into a water district, require streamflow augmentation or other action needed to protect prior surface water and groundwater rights.
2. 048 The use of water under this right shall not give rise to any claim against the holder of a senior water right based upon the theories of forfeiture, abandonment, adverse possession, waiver, equitable estoppel, estoppel by laches or customary preference.
3. 079 This right shall not be used if the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use.
4. 903 The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
5. R60 This right when combined with all other rights shall provide no more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
6. The right holder shall use the full allotment of appurtenant surface water rights in conjunction with groundwater diverted under this right.
This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor exceed a combined annual diversion volume of 20.0 af at the field headgate for irrigation of the lands above.
Stockwater use under this right shall not exceed 0.2 afa.
