Re: Notice of Ownership Change in Water Right No. 79-07182 & 79-4060

Dear Applicants:

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

However, Water Right No. 79-4061 has not been modified. The Department has documentation of ownership being transferred to Loraine Cleaver in 1999. In order for ownership to be transferred in the name of Forest Wilson, you must provide to the Department documentation that the property was sold back to Joe Wilson prior to the selling to grantee Forest Wilson. A refund of \$25 was requested on November 18, 2013.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning this matter, please contact this office at 208-334-2190.

Sincerely,

Rachel Sommer
