**AGREEMENT FOR THE TRANSFER OF ASSETS AND LIABILITIES FROM
MERIDIAN HEIGHTS WATER & SEWER ASSOCIATION TO
MERIDIAN HEIGHTS WATER & SEWER DISTRICT**

Parties to Agreement:

Meridian Heights Water & Sewer Association
Meridian Heights Water & Sewer District

Date of Agreement:

18th day of August, 2009

Effective Date of Agreement:

1st day of September, 2009

This Agreement made and entered into this 18th day of August, 2009, by and between the Meridian Heights Water & Sewer Association, an Idaho non-profit corporation ("Association"), and the Meridian Heights Water & Sewer District, an Idaho political subdivision organized and existing under and by virtue of the laws of the State of Idaho ("District").

Now, therefore, in consideration of the premises and the mutual promises herein made, and in consideration of the representations, warranties, and covenants herein contained, the Parties agree as follows.

1. RECITALS

- 1.1 Association was formed and now exists as an Idaho non-profit Corporation for the purpose of providing domestic water and sewer service for its members.
- 1.2 Association has caused to be constructed and installed various wells, water lines, storage facilities, sewer lines, drainfields and associated water and sewer system components that serve all of its members, in the furtherance of its purposes; and
- 1.3 In order to continue to provide service to all residences within the Association area, significant capital improvements will have to be made which are beyond the financial capacity of the Association; and
- 1.4 The Association intends to protect its members by transferring its water system and its sewer system to the District and that in effect, the Association will be absorbed by the District and will cease to exist after

the closing of this agreement and the required steps have been taken to dissolve the Association; and

- 1.5 The Meridian Heights Water and Sewer District has the legal authority to own, operate and maintain a water system and a sewer system by virtue of Idaho Code §42-3212; and
- 1.6 The District has the authority to acquire, dispose of and encumber real property, including water and sewage systems and plants, and to construct, reconstruct, improve, or extend any water and/or sewer system, and acquire by gift or purchase lands or rights in lands or water rights in connection therewith, including easements, rights-of-way, contract rights, and leases I.C. § 42-3212; and
- 1.7 The Association intends that its assets transferred to the District will be kept by the District for water and sewer system purposes and uses; and
- 1.8 The District has diligently investigated the possibility of taking over operation and maintenance of the water system and sewer system; and, the Association has diligently investigated foreseeable and necessary improvements to its existing facilities and available options for implementing, operating and maintaining possible growth and upgrades.
- 1.9 The Association as a non-profit corporation is largely operated by unpaid volunteers and the Association has determined it is not in a position to raise the necessary funds to plan and construct all of the necessary upgrades to its Water System and Sewer System, and it is therefore recognized by both parties that the District is better situated to plan and construct the recommended upgrades and to own, operate and maintain the Water and Sewer Systems in the future.
- 1.10 It is the intention of the parties that this agreement shall provide for the process, mechanism and conditions under which the Water System and Sewer System and assets and liabilities of the Association are transferred to the District.
- 1.11 It is the intent of the Association that this agreement shall be incorporated within a plan of dissolution for the Association due to the fact that once the Water System and the Sewer System are transferred to the District along with the other assets of the Association it will have no further purpose to exist.
- 1.12 It is agreed by the parties that it is in the best interest of the health and

welfare of the members of the Association that the Association transfer its Water System and Sewer System and assets and liabilities, subject to the terms of this Agreement, to the District.
