**PROOF ACKNOWLEDGEMENT LETTER**

**RE: Permit Nos. 45-14134, 45-14135, 45-13436 & 45-14137**

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use (proof) forms submitted for the above referenced permits. During my review of your proofs and water right permits, I found that one condition of all these permits has not been complied with.

Condition no. 5 of all these permits which states:

"Prior to diversion of water under this right, the right holder shall provide and maintain a means acceptable to the Department to measure the amount of water diverted from Marsh Creek and the amount of water returned to Marsh Creek."

I recommend this condition be complied with immediately and prior to the field examination. Enclosed are copies of these permits for your information. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the Department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov)

If you have any questions concerning the field examination, please contact the Southern Regional Office of the Department in Twin Falls, Idaho 208-736-3033.

Sincerely,
