Hi Craig:

Sounds good to do an in-office one & wrap it up for new owners if you want to go ahead with that. Thx

Steve

Subject: Permit 65-13773: Expedite License?

Hey Steve,

We just got a proof statement and change of ownership for permit 65-13773. We thought we might try to issue a license so we could process the change of ownership as it does qualify for in office review. I did glance at the aerial photography and I think we could probably justify some irrigation based on the 2009 photography, but not 4 acres as permitted.

Anyway, I guess I had a two questions. I don't think we really need to make this a super high priority. But I thought I would ask, a) if it just so happened you had people still going out to the Garden Valley area and could check this on out, and/or b) if you want this one, or if you would like us to try to push this one through?

Our group is pretty much wrapping up field exams and I don't think we really have anyone going out to that area anyway.

Thanks,
Craig
