<<x0vh01_.pdf>>

Mr. Knight,

The attachment above is a copy of the partial decree for three rights. They are the 3 splits or children of a single parent right. The split that I believe is associated with your property is 2-10359.

The partial decrees don't describe the place of use by your subdivision lot and block. Instead it is described by the public land survey address within government lot 2.

The water right file for one of your neighbors (Campbell) shows a split/overlap analysis for assigning the 3 splits to each party. That is the information I used to determine which water right split might be yours.

The attachment below is a copy of the form you need to complete and send to us.

<<NOTICE_OF_CHANGE_OF_WATER_RIGHT_OWNERSHIP.pdf>>

I hope this helps you move forward.

Michele Edl
