Narrative Section

310/125

There was a civil dispute on Silk Stocking Row in Sagle.

Offense: Civil Dispute

Complainant:

Name: Robert A. PRivette

Address: 5710 Talache Road; Sagle, Idaho

Narrative: Robert Privette was having a water rights issue with the Talache Water Association. He said he was paying his bill and not required to pay Association fees, but they turned off his water anyway. He also said they changed the locks on the gate to the water pump so he couldn't turn the water back on. He said it was breaking and entering, but the property is owned by association the members who changed the locks. I explained to Privette the matter was for civil court and could not be addressed by the Sheriff's Office at this point. He advised the Water Rights Office needed a copy of the police report. I provided him with the case number and advised taking the matter up in civil court if it could not be resolved otherwise.
