RE: Change in Ownership Water Right No. 34-10705, 34-10707 & 34-10708

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that water right numbers 34-10707, 34-10705 (listed on the application) & 34-7105 (listed on cover letter) are not appurtenant to your property and for water right number 34-10708 additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** copy of Deed, Title Policy or other legal document indicating your ownership of the property covering the entire place of use of the water right and/or water rights only in question. According our conversation yesterday, you do not believe a split should be required. Please review the map attached showing the place of use of the water right and the property purchased.

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. I have enclosed a copy of the water right(s) for your reference.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

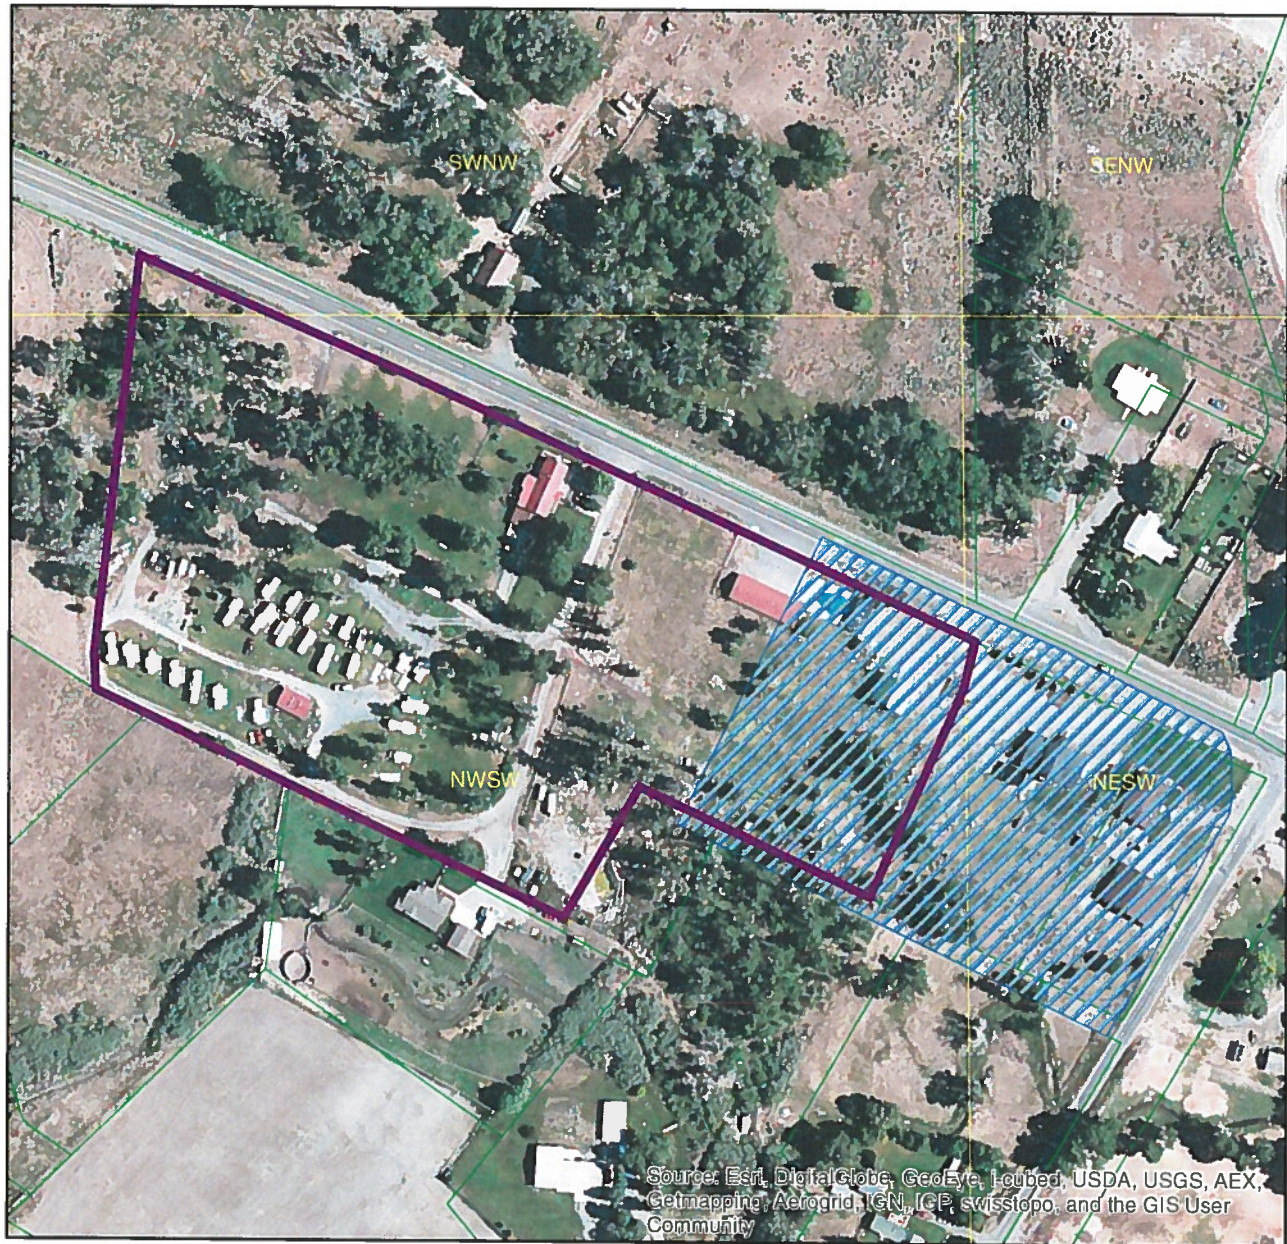

Sincerely,

Jonie Barg
