RE: Water Appropriation Permit 75-7606

Notice of Intent to Void Permit

Dear Permit Holders:

In 1991 IDWR issued permit 75-7606 authorizing the development of a right to divert 0.06 cfs of water from Dummy Creek, tributary to the Sinks within SWNE of Section 14, Township 19 North, Range 21 East, B.M., for irrigation use. On August 27, 2013, IDWR requested additional information from you in order to complete the licensing process.

At this time, IDWR has not received any additional follow-up information or contact regarding this permit.

You can request that IDWR personnel go into the field to collect this information accompanied by a member of your staff/organization. For this to occur, please contact IDWR with the name, telephone number, and email of your representative and the representative must be available to be contacted and scheduling of the required visit by no later than November 11, 2013. IDWR must also receive the contact information of your representative in a timely manner to perform the field examination by the November 11, 2013 deadline.

The final step in the water appropriation process is the issuance of a Water Right License. By issuing a license, IDWR recognizes that you have met the requirements for establishing a water right. If you have not developed a beneficial use of water from Dummy Creek within the development period authorized by your permit a license cannot be issued. Once the development period authorized by your permit expires, your permit cannot be retained to cover future development of the resource.

If you believe a water right license should be issued to you, please supply information requested in the letter dated 08/27/2013 to demonstrate that you established a beneficial use of water in accordance with Permit 75-7606. If I do not receive the requested information or have been contacted by November 11, 2013, I will take action to void your permit under the provision of Section 42-219(8) of the Idaho Code. If you agree that no beneficial use of water occurred under permit 75-7606, you can shorten the voiding process by completing the enclosed relinquishment form and returning it to IDWR.

If you have any questions, please contact me at 208-287-4800.

Respectfully,
