E. VOLUME CALCULATIONS

Not required for domestic uses per new Beneficial Use Examination Rules.

F. NARRATIVE/REMARKS/COMMENTS

Application for permit 36-8634 was filed by Donald B. and Sharon L. Higbee on November 13, 1991 seeking to divert 0.04 cfs for domestic use and for 1 acre of irrigation. On April 9, 1992 permit 36-8634 was issued and Proof of Beneficial Use was due on or before May 3, 1993. Proof of Beneficial Use was filed on April 20, 1993 by Rex and Anita Brown for 1 home and the irrigation of 1 acre. Later Don and Sharon Higbee submitted an Assignment of Permit to Rex and Anita Brown for permit 36-8634 on July 14, 1993.

Water from the well is used to provide domestic water for one residence, and a large shop with some irrigation present. There are some trees and a grassy area located on the property. Aerial photos and field observation indicates that no more than ½ acre has been irrigated. It was also discovered that the property is now owned by Jason A. Miller. During a phone conversation with Mr. Miller he indicated that during the building of the shop most of the yard was taken out.

Due to the indication that no more than a ½ acre of irrigation was developed, I recommend dropping the irrigation component and licensing 36-8634 as a domestic use as defined in Section 42-111, Idaho Code limited to 0.04 cfs, 13,000 gallons per day and the irrigation of ½ acre. In addition the permitted place of use was identified in the SESW of Sec 15, 08S, 24E and the application stated that the property is also known as Tract E. When the quarter quarter lines were projected accordingly, the place of use lies within two different projected quarter quarters inside Tract E. It is recommended that the place of use be described in the projected SESW and projected SWSE. Both of these projected tracts are located within Tract E (the actual legal description). Therefore the place of use is described as above for clarification purposes and not an actual change from what was applied for and permitted.

Jason A. Miller will file for a change of ownership after approval.
