**RE: WATER SUPPLY BANK LEASE APPLICATION(S) FOR WATER RIGHT
NO(S). 22-14026, REQUEST FOR ADDITIONAL INFORMATION**

Dear Applicant:

On August 1, 2013 the Idaho Department of Water Resources (Department) received your application(s) to lease a portion of water right no 22-14026 to the Water Supply Bank (Bank). In reviewing the application, there are some questions that have risen.

- (1) Reviewing the aerial maps back to 2004, there is no evidence that irrigation has taken place on the acres which you are wanting to submit to the Bank. Please submit evidence that irrigation has occurred (power records, etc)
- (2) Explain how irrigation has been accomplished.
- (3) On your application to sell or lease a water right to the water supply bank, the season of use that you indicated will begin on August 2, 2013 (the date the application was receipted), but the ending date goes till the end of the irrigation "year." For this reason, do you want the season to end December 31, 2017 or December 31, 2018?
- (4) You indicated that 20 shares of Grand Teton Canal Co. water are owned. If the application is accepted into the Bank, are the 20 shares of water from Grand Teton Canal Co. going to be used again to irrigate the POU covered by water right 22-14026?
- (5) You indicated that some of the lots receive domestic water (1/2 acre irrigation) from private wells. Please submit another map indicating which lots have private wells.
- (6) Reviewing the tax lot information for this development, it shows that out of all the lots currently in the POU, only 5 lots are currently owned by you (Summers Living Trust). Please submit quit claim deeds for the lots not wanting or using water from water right 22-14026.
- (7) Please show proof of authorization to put lots in the Water Supply Bank, when the property is not owned by you.

Please submit the requested information by September 12, 2013, or your application will be DENIED and returned.

If you have questions regarding this matter, please contact me at (208)287-4920.

Sincerely,

Sandy Hemenway
Sr. Water Resource Agent
