To File 74-15613

Thanks for the heads up. I think Dan Nelson will be doing the field exam and I believe he is planning on calling Mr. Whittaker around May 1 to start coordinating schedules.

**Subject:** Logger

Hi Nick,

Just writing to let you know that due to some mix up the data logger we purchased for James Whittaker in Leadore was not mailed to him. We will first class it to him tomorrow morning so he gets it as soon as possible. We apologize if this sets anything back. He is apparently doing the installation of the stilling well himself but will need help programming the logger when you do the inspection of his system.

Thanks!
