RE: Change of Address/Ownership Request for water rights.

Dear Mrs. Dennis:

The Department of Water Resources received an address change and ownership change request per your note on September 30, 2013. After researching the water rights in your name I found that your address was changed in our data base in June 2013 per your e-mail request. However, we were unable to change Arlin's without a change of address form. We do not have Kaylin Dennis Thompson in our data base at this time. I also noted that you indicated in your note that you were wanting to change the ownership of your water rights. This action requires a change of ownership form with supporting documents and a fee of \$25 per undivided water right. I have enclosed these forms with instructions for your convenience along with a list of your current water rights.

Thank you for your patience and cooperation. Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Clay Webster
Technical Records Specialist
