2. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.2**

The applicant seeks to combine water rights 35-2280, 35-2447B, 35-2580, 35-2589 into a 878.5 acre combined place of use. The applicant also seeks the option to divert his water rights from any one of his wells to irrigate his 878.5 acre place of use. This transfer will also fix a legal description discrepancy for one of the points of diversion described under water rights 35-2280, 35-2447B and 35-2589. The points of diversion involved in this transfer are all within the same or adjacent ESPA model cells. No ESPA

APPLICATION FOR TRANSFER OF WATER RIGHT PART 3

☒ Attach a map of the diversion, measurement, control, and distribution system. Label it **Attachment #7a**.
If the transfer application proposes to change the place or purpose of use of an irrigation right attach a Geographic Information System (GIS) shape file, or an aerial photo or other image clearly delineating the location and extent of existing acres and changes to the place of use. Label it **Attachment #7b**. If the place of use currently consists of a permissible place of use, then the attachment is not required if the application contains a clear statement that the boundaries for the place of use are not proposed to be changed by the transfer and the total number of irrigated acres within the place of use before and after the transfer is clearly stated.

☐ If you propose to change the nature of use or period of use of all or part of the right(s) listed in this application, attach documentation describing the extent of historic beneficial use of the portion of the right(s) proposed to be changed. Also attach documentation showing that the portion of the right(s) to be changed will not be enlarged in rate, volume, or consumptive use through the proposed change. Label it **Attachment #8a**.

☐ If you propose to change the place of use of a supplemental irrigation right, answer below and attach supporting documentation.
Label it **Attachment #8b**

1. Describe how the supplemental water rights have been used historically in conjunction with other water rights at the existing place of use.
