Re: Application for Water rights to appropriate the Public Waters of the State of Idaho:
Water Right Number 98-7791.

After reviewing the water permit and well driller's reports for this application we have discovered that fee for your well needs and upgrade. I have enclosed copy of the driller report that indicate domestic use only in line #4. This means the driller bought a permit for \$ 75.00 in 1999 for domestic use (Not Commercial). The one time well upgrade fee is \$125.00 for each well; this will add the use of Commercial to each well.

At this time the Department is sending you an amendment of this permit to add the second well. The permit 98-7791 was applied for with one well. The fee to amended this

Once the department receives these additional fees, processing of the water license can continue. If you have any questions, please call me at 208-762-2800 or email me at eric.davis@idwr.idaho.gov Please respond within 15 days.

Sincerely,

ERIC DAVIS
