RE: Water Right Permit 75-07410

Dear ABK Investments,

The Department of Water Resources is reviewing permit 75-7410, in the name of Ed and Mary Cook, prior to issuing a water right license. I have been unable to locate the Cooks to confirm development of a water right under permit 75-7410. However, the place of use described in the permit appears to be property owned by ABK Investments. The property is located in Idaho and is described as:

Gambler Placer Mining
Survey 3467
Dahlongega Mining District
Township 25 North, Range 20 East, Section 1

Physical address is listed as: 102 Hughes Creek Rd

A water right license cannot be issued in connection with permit 75-7410 without verifying development of beneficial use of water. If you feel that a water right has been established in connection with the permit on the property now owned by ABK Investments, and a license should be issued, please contact me by **October 18, 2013**, so I can take the necessary steps to verify development of beneficial use. If I don't hear from you by October 18, 2013, I will move forward to void the permit.

Please feel free to contact me with any questions at (208) 287-4916.

Respectfully submitted,

Craig L. Saxton
Water Rights Supervisor
Water Right Permits Section

Enclosure(s): Copy of Permit 75-7410
