PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9506

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and your water appropriation permit I noticed that you stated a rate of diversion greater than the maximum diversion rate allowed under this permit. On your proof statement you stated that your total rate of diversion is 0.18 cfs. However, this permit is limited to a maximum diversion rate of 0.15 cfs. You must limit your water use to the permitted amount. You may apply for another water right to cover additional water use. Enclosed is a copy of this permit for your reference. Application forms are available from any Department office, or at the Department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene, Idaho at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
