To: Transfer 78769 File
From: Nathan Erickson
Re: Evaluation of Sufficiency of Information Submitted

Transfer proposes drilling a replacement well for M&P Dairy in Jerome; the water rights are in the name of G&G Dairy. Currently the dairy is sharing a well and is proposing to cease use of the shared well and drill a new well near a dairy barn that is under construction. The other owner of the shared well has provided a letter acknowledging the change and has no problem with the change. There will be no change to the place of use. The dairy is located approximately 2 miles north and 2 ½ miles east of the city of Jerome. It is recommended that this transfer be processed without a public notice and protest period.
