RE: Ownership of Water Right 63-22752

Dear Property Owner:

The Idaho Department of Water Resources has been advised that you are the current owner of the property and water right referenced above. Lara Meservey of Pinnacle Northwest Escrow, LLC, has been attempting to proceed with the updating of ownership on this water right. She was unclear on some things involved with the water right.

63-22752 is not going to be divided. It is a domestic right for 1 home which we do not divide. Ms. Meservey also thought water right 63-2509 might be covered under the conveyance documents for this property. It is not. 63-2509 is a water right that was unclaimed in the Snake River Basin Adjudication (SRBA) process and therefore is not a valid water right.

The Department filled out a Notice of Change in Water Right Ownership form for you. Please sign the form (the Dept. needs an original signature on file) and return it to me at the address above. Please fill in the telephone number and email if one is available. As stated on the form, we also require a copy of the conveyance document that puts the property into Federal National Mortgage Assn. name. And also required, is a \$25 filing fee. I am enclosing a form for your convenience which is also available on our web site: www.idwr.idaho.gov.

Please return the completed form along with the required support documentation and fee to my attention. I will be happy to update our records upon receipt of this information.

If you have any questions regarding this matter, please call me at 208-287-4942.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
