CONDITIONS OF APPROVAL

1. Water used under this right when discharged into a natural channel or subsurface system shall meet Idaho Water Quality Standards.
2. Use of water under this right shall be non-consumptive.
3. The right holder shall provide the Department, upon request, information showing volume changes per hour necessary to maintain an adequate environment for the fish propagation facility. Volume changes per hour shall be based upon actual fish production.
4. The issuance of this right does not grant any right-of-way or easement across the land of another.
5. Prior to diversion of water under this right, the right holder must obtain the necessary state and federal permits.
6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 11.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 13-07497

7. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 20th day of September, 2013.

for GARY SPACKMAN
Director
